Exposure to Indigenous Wisdom with Maria Cook**

OAXACA-

the Magic and the Medicine

Oct 6-14, 2017

206 842-7706

This journey of discovery will lead you down paths where few travel. From exploring the dry jungle of the Oaxacan coast, to the inspiration of ceremony with loving curanderos, to playing in fresh water pools with waterfalls, to immersing ourselves in the warm, gentle beauty of the Pacific, you will be stirred on a deep level. You will find yourself present to the wonder of a different culture, intensely beautiful natural landscapes, and the invitation for inner exploration. There will be transformative rituals and private sessions with powerful healers and we will sit in circle to support each other on the journey. A diverse and uplifting trip, expect to be transformed by the Magic and Medicine that is Oaxaca.
